

Liao believes that design is always a form of expression, whether it either be in the form of a self-investigation or the voice of a brand. For better connecting with her own cultural contexts as well as access to a broader audience, she is dedicated in working towards bilingual design.

With previous working experience in publication, Liao is skilled in traditional print design as well as promotional motion graphics. Liao thinks conceptually and is curious about what graphic design could be when imagining alternative circumstances.

Liao knows

1. photoshop cc
2. illustator cc
3. indesign cc
4. after effect cc
5. light room cc
6. cinema 4d
7. spark ar studio
8. sketch
9. html/css

Liao recieved

- pratt insititute international merit-based scholarship (2016-2020)
- type directors club student scholarship (2019)
